No flying or motor vehicle traffic was observed at the Finow-North (N 53/V 08) improvised airfield, near the former brass plant, from 27 to 29 March 1950. No aircraft were parked at the field on 27 March, but four biplanes were there on 28 March and six biplanes on 29 March 1950.

25X1A [REDACTED] Comment:

The occupation of the field has not changed since January 1950. The field is still being exclusively used by PO-2s, probably by a Soviet Army unit headquarters as courier planes.
